# Brand overview

---

# Who we are

---

**SEOBROTHERS is a full-cycle SEO agency where search engine optimisation and digital marketing drive everything we do.**

We specialise in building and scaling high-performing iGaming affiliate brands from the ground up.

Our in-house team delivers end-to-end solutions – from content creation, graphic design, and PR to affiliate marketing and beyond – ensuring sustainable growth and long-term success for every project we take on.

# What we do

---

## We grow websites, outpace competitors, and generate profit.

We smash our knowledge in SEO and marketing together with creativity to increase traffic and drive sales. Our websites reach top positions for relevant search queries – something other companies cannot do in years.

# Mission

---

To build high-performing iGaming brands through expert SEO, affiliate strategy, and helpful, user-focused content. All powered by our in-house talent.

# Vision

---

To be known as the team behind one of the world's most trusted and impactful iGaming affiliate brands, built on expertise, deep industry knowledge, consistent quality of content, and the ambition to keep evolving.

# Values

---

## Growth

We're always moving forward with intent by growing our brands, our traffic, and our people.

## Responsibility

We take responsibility for our decisions, our work, and each other. No excuses, no shortcuts.

## Expertise

We know our craft. We lead with experience, data, and deep understanding of the iGaming space.

## Adaptability

We don't panic when things change. We adapt, iterate, and thrive in uncertainty.

## Teamwork

We win together. Collaboration, respect, and shared wins are at the heart of how we work.

# Personality

---

**Competent**

Intelligent, reliable, expert, efficient

**Confident**

Bold, assertive, self-assured, focused

**Analytical**

Insightful, data-informed, strategic, methodical

**Straightforward**

Clear, honest, no-fluff, to the point

**Trustworthy**

Transparent, honest, ethical

# Horizontal

---

# Safe zone

---

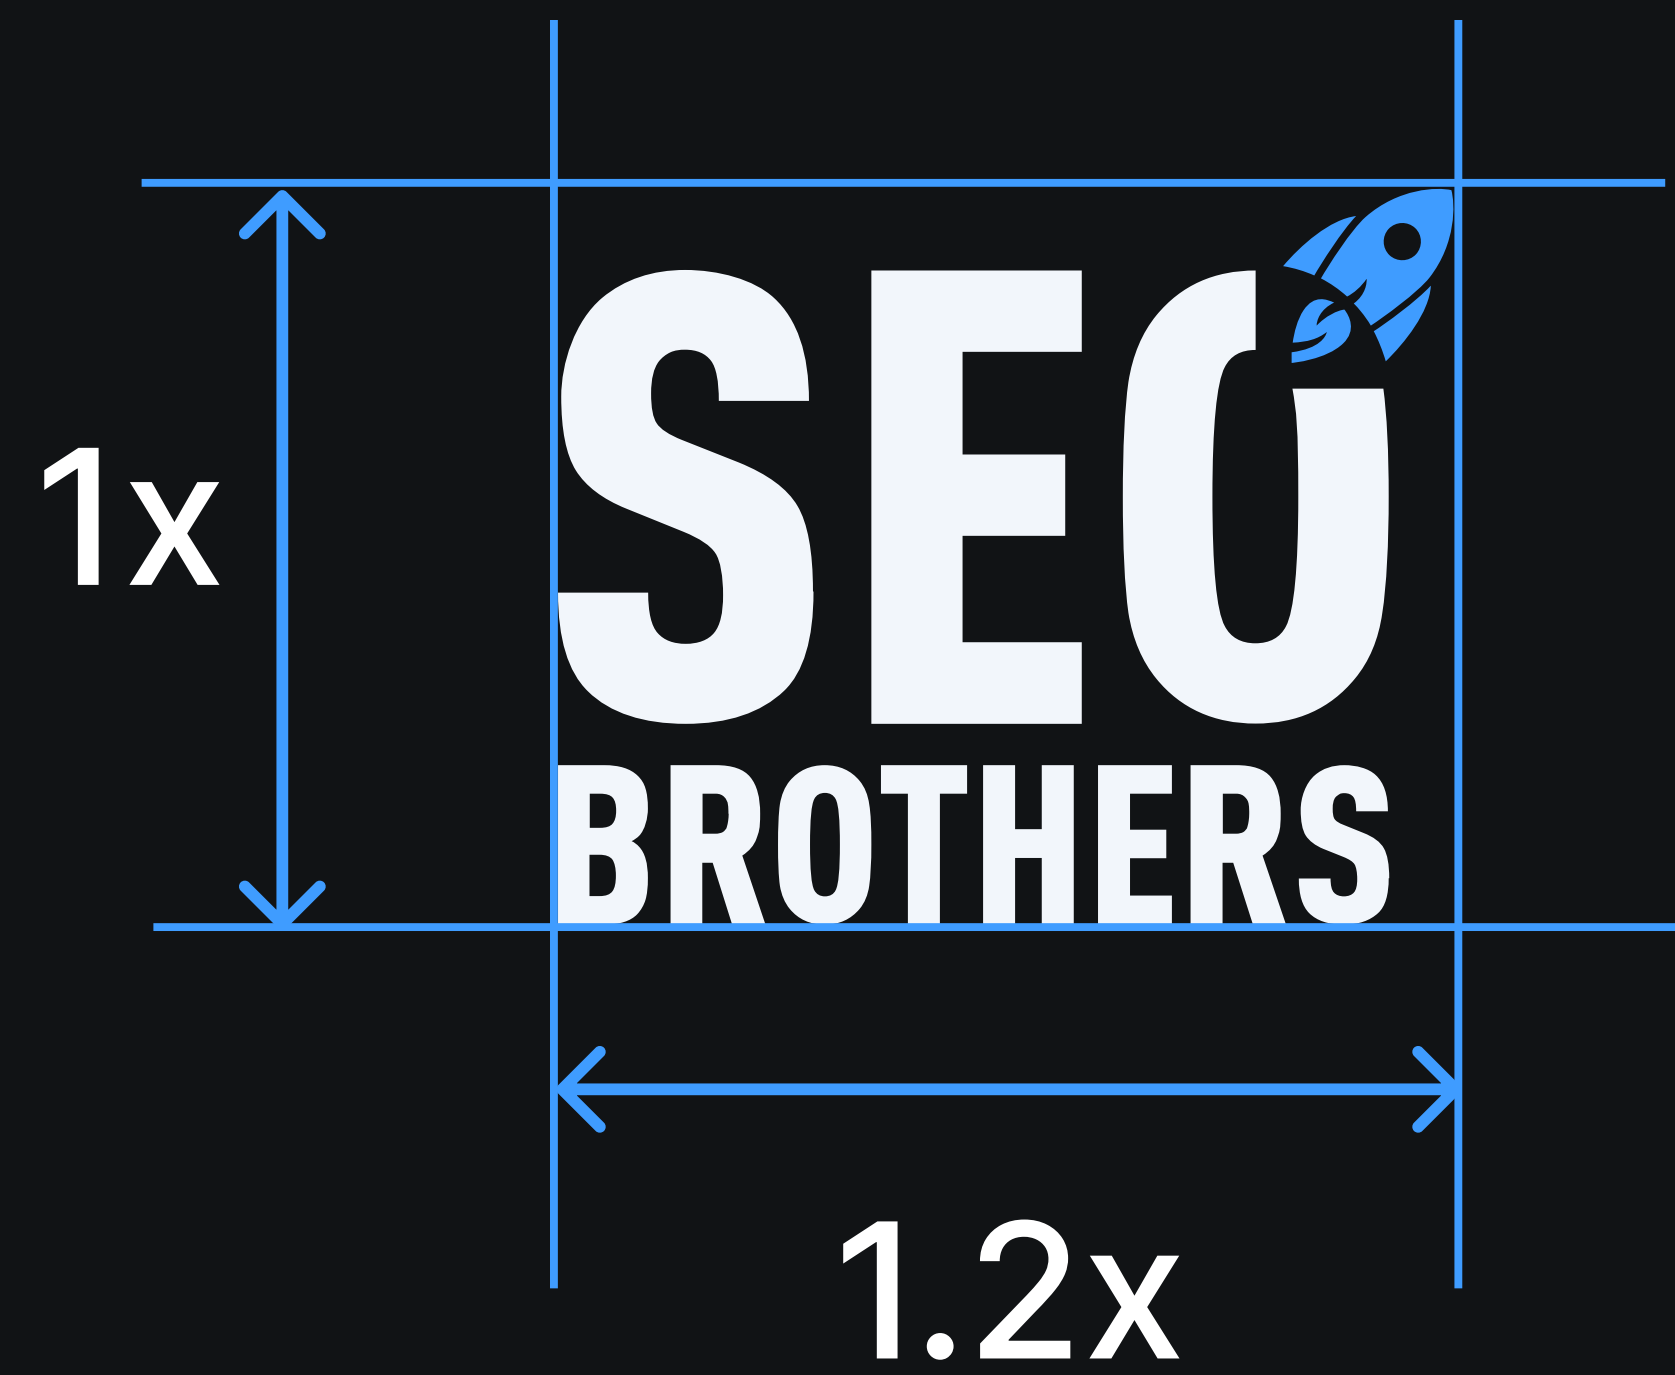

Safe zone is a space around a logo or symbols, required to ensure legibility. The zone defines minimum spacing distance from the page edge, object, text, or image.

To determine if the safe zone has been accurately implemented, measure the height of the standard logo with the shape from the mark.

# Compact

---

Use on black/dark background.

Black text and blue rocket.  
Use on light/white background.

All-white version.  
Use on blue background.

# Ground rules

---

✓ Place the logo on an image, as long as it's legible.

✗ Do not use our old logos under any circumstances.

✗ Do not recolour the logo, even if using brand colours.

✗ Do not place a dropshadow under the logo.

✗ Do not rotate the logo in any direction.

✗ Do not distort the logo.

# Partner logos

## Size relationship – Primary logo

When partner logos are longer and more text-based, they need to be the same height as our logo.

For symbol-based logos, they need to be 2X the height of our logo.

## Size relationship – Alternate logo

When partner logos are longer and more text-based, they need to be between 30 and 50 per cent the height of the stroke.

For symbol-based logos, they need to be the same height as our logo.

## Relationship with text-based logotypes

## Relationship with symbol-based logotypes

# Colour palette

---

# Primary colours

---

Primary colours form the foundation of our brand identity, embodying our values and creating a cohesive, memorable experience for our audience. Each hue is thoughtfully selected to enhance our messaging.

## ROYAL BLUE

Navy blue is a deep, rich shade that evokes feelings of trust, reliability, and professionalism.

**RGB**  
**108, 238, 100**

**HEX**  
**006CEA**

## CHARCOAL

This is the main text colour, which adds a touch of sophistication and elegance to the brand.

**RGB**  
**49, 51, 54**

**HEX**  
**313336**

## SLATE GRAY

Slate gray is a versatile colour that can complement a wide range of bright colours.

**RGB**  
**59, 65, 72**

**HEX**  
**3B4148**

## WHITE

Pure white communicates clarity, simplicity, and a sense of openness across all applications.

**RGB**  
**255, 255, 255**

**HEX**  
**FFFFFF**

# Secondary colours

---

Secondary colours are used sparingly to support the primary palette, typically making up no more than 20–30% of the overall colour usage, and are intended to add visual hierarchy, flexibility, and emphasis without overpowering the brand's core identity.

They exist to enhance layouts, highlight functional elements, and provide contrast where needed, while always reinforcing and complementing the primary colours rather than competing with them.

## MUTED WHITE

A soft, cool light gray that creates a calm, clean foundation without drawing attention.

**RGB**  
**242, 242, 247**

**HEX**  
**F2F2F7**

## NAVY

A deep, confident blue that conveys trust, reliability, and a strong professional presence.

**RGB**  
**17, 27, 113**

**HEX**  
**111B71**

## NEAR BLACK

A near-black charcoal tone that adds depth, contrast, and a modern, sophisticated character.

**RGB**  
**17, 19, 21**

**HEX**  
**111315**

# Icon

---

# The Rocket

---

The rocket in the logo is an emblem for our brand. It has been designed specifically for SEOBROTHERS and has an Easter egg as the "SEO" letters are legible in the shapes of the flame, nozzle, and window.

The rocket can be used individually as a favicon, profile picture, etc.

Do not distort the icon or change the colour unless allowed by this brandbook.

# Mascot

---

# The Spaceman

---

Our mascot, an astronaut, symbolises our expertise in SEO. Just like astronauts venture beyond ordinary limits, we help brands reach heights that few can achieve.

We use him often in our visuals. Read below how to adapt the Spaceman to suit the specific visuals.

# Typography

---

# Typography

---

Our brand identity features a combination of bright creatives and minimalistic typography.

**Inter** is our go-to font for a unified brand experience. Its versatility and readability make it the perfect choice for body text, ensuring a consistent look and feel, while its bold variables can be easily used in headlines.

It's a modern and symmetric font that emphasises the forward-thinking nature of SEOBROTHERS.
